## Day 1 - Lisbon

Arrival at Lisbon International Airport. Assistance and private transportation to the Hotel Tivoli Avenida Liberdade.

## Day 2 / 3 / 4 / 5 - Lisbon

Breakfasts at the hotel.

During this wonderful days we suggest you take your first dive into Portugal's Capital by discovering some of its most emblematic areas, such as Castelo de São Jorge, situated on the highest hill of Lisbon, towering dramatically above Lisbon, this fortification is a must and is present in every snapshot. You can after discover Alfama, one of the oldest neighbourhoods in the city, with its Moorish traces and wonder down to Praça do Comércio, once the very "heart" of the country. With its 18th century yellow facades, Praça do Comércio is one of the most majestic squares in Europe, opening up its arms to the River Tejo.

In the afternoon set off to discover the Belém, with its grandiose monuments and boats sailing along that will take your imagination back to those pioneering days of the "Age of Discovery". Among the most important, you can visit Mosteiro de Jerónimos, Belém's most emblematic masterpiece, which was commissioned by King Manuel I to honour Vasco da Gama and it's endeavour of the discovery of a sea route to India. Vasco da Gama is interred in the lower chancel opposite to Luíz Vaz de Camões, most venerated Portuguese poet. Among many other activities, it's imperative to enjoy probably Portuguese most famous delicacy, the Pastel de Belém, which is a delicious custard tart.

Other suggestions include a morning tour of Parque das Nações, which is a completely renovated area of the city that was erected for the World Fair Expo98. Among many things to do and see, we suggest a "dive" into the Oceanário de Lisbon, one of the biggest and most complete aquariums in then world. Inside, you can learn more about the oceans, fauna and flora with educational and scientific explanations. You can also take a relaxing walk by the river or alternatively take a ride on the cable car that connects both the North and South sides of the park.

In the afternoon we invite you to visit Lisbon's old town, with emphasis on Chiado, Miradouro de São Pedro de Alcântara which is probably the most well known viewpoint, with a magnificent view over Castelo de São Jorge, Baixa (Downtown) and the River Tejo. While doing it, you can enjoy a typical coffee at Brasileira do Chiado, one of Fernando Pessoa's favourite spots, or enjoy a traditional Portuguese meal at one of numerous restaurants in the area. You can also take the opportunity of ascend or descend

in the in the landmarked Elevador de Santa Justa that connects Chiado and the downtown of Lisbon's. Alternatively you can also enjoy a tour on the most famous tram line, the 28 that connects Martim Moniz and Campo de Ourique, passing along the way through the popular tourist districts of Graça, Alfama, Baixa and Estrela. For visitors, it's the most classic tram line journey on board on board the traditional yellow tram as it zig-zags along the way through narrow streets of the old town.

## (Sintra / Cascais / Estoril)

Departure to an unforgettable journey covering the famous "Golden Triangle" Sintra, Cascais and Estoril. You can make a first stop en route to Sintra, at Palácio de Queluz, one of the best examples of Portuguese architecture from the late XVIII century.

Continue the journey to Sintra, which is unanimously considered one of the most romantic villages in the world, this UNESCO World Heritage-listed centre, with exotic gardens and magnificent palaces that are surrounded by thick forests, you can enjoy the mystique lifestyle of this unique place that once was Lord Byron's inspiring muse. Take the opportunity to visit, among others, Palácio de Sintra down at the Villa and up on the hill Palácio da Pena and/or Castelo dos Mouros.

After leaving Sintra and on the way to Cascais, you'll make a stop at an obligatory landmark - Cabo da Roca, which is the most westerly point in continental Europe and the landscape over the open Atlantic and coastal villages is breath-taking.

Before arriving in Cascais, you will pass by Guincho beach, one of the top spots for windsurfers due to its ideal conditions. We suggest a stroll along Cascais bay and Marina and definitely invite you to treat yourself with one of the best ice creams parlours in the world at the famous Santini.

Before returning to Lisbon, your tour will make a stop at Estoril, which is famous for its Casino, but also for the seaside resorts. It was here that Ian Fleming was stationed during WWII and got his inspiration for the 007's first novel - Casino Royale!

Do return to Lisbon via the beautiful road along where the Atlantic merges into the Tejo River.

## Day 7 / 8 / 9 / 10 - Lisbon

Breakfasts at the hotel.

During this wonderful days we suggest you take your first dive into Portugal's Capital by discovering some of its most emblematic areas, such as Castelo de São Jorge, situated on the highest hill of Lisbon, towering dramatically above Lisbon, this fortification is a must and is present in every snapshot. You can after discover Alfama, one of the oldest neighbourhoods in the city, with its Moorish traces and wonder down

to Praça do Comércio, once the very "heart" of the country. With its 18th century yellow facades, Praça do Comércio is one of the most majestic

squares in Europe, opening up its arms to the River Tejo.

In the afternoon set off to discover the Belém, with its grandiose monuments and boats sailing along that will take your imagination back to those pioneering days of the "Age of Discovery". Among the most important, you can visit Mosteiro do Jerónimos, Belém's most emblematic masterpiece, which was commissioned by King Manuel I to honour Vasco da Gama and it's endeavour of the discovery of a sea route to India. Vasco da Gama is interred in the lower chancel opposite to Luíz Vaz de Camões, most venerated Portuguese poet. Among many other activities, it's imperative to enjoy probably Portuguese most famous delicacy, the Pastel de Belém, which is a delicious custard tart.

Other suggestions include a morning tour of Parque das Nações, which is a completely

renovated area of the city that was erected for the World Fair Expo98. Among many things to do and see, we suggest a "dive" into the Oceanário de Lisbon, one of the biggest and most complete aquariums in then world. Inside, you can learn more about the oceans, fauna and flora with educational and scientific explanations. You can also take a relaxing walk by the river or alternatively take a ride on the cable car that connects both the North and South sides of the park.

In the afternoon we invite you to visit Lisbon's old town, with emphasis on Chiado, Miradouro de São Pedro de Alcântara which is probably the most well known viewpoint, with a magnificent view over Castelo de São Jorge, Baixa (Downtown) and the River Tejo. While doing it, you can enjoy a typical coffee at Brasileira do Chiado, one of Fernando Pessoa's favourite spots, or enjoy a traditional Portuguese meal at one of numerous restaurants in the area. You can also take the opportunity of ascend or descend in the in the ladmarked Elevador de Santa Justa that connects Chiado and the downtown of Lisbon's. Alternatively you can also enjoy a tour on the most famous tram line, the 28 that connects Martim Moniz and Campo de Ourique, passing along the way through the popular tourist districts of Graça, Alfama, Baixa and Estrela. For visitors, it's the most classic tram line journey on board on board the traditional yellow tram as it zig-zags along the way through narrow streets of the old town.

**(Sintra / Cascais / Estoril)**

Departure to an unforgettable journey covering the famous “Golden Triangle” Sintra, Cascais and Estoril. You can make a first stop en route to Sintra, at Palácio de Queluz, one of the best examples of Portuguese architecture from the late XVIII century.

Continue the journey to Sintra, which is unanimously considered one of the most romantic villages in the world, this UNESCO World Heritage-listed centre, with exotic gardens and magnificent palaces that are surrounded by thick forests, you can enjoy the mystique lifestyle of this unique place that once was Lord Byron’s inspiring muse. Take the opportunity to visit, among others, Palácio de Sintra down at the Villa and up on the hill Palácio da Pena and/or Castelo dos Mouros.

After leaving Sintra and on the way to Cascais, you’ll make a stop at an obligatory landmark - Cabo da Roca, which is the most westerly point in continental Europe and the landscape over the open Atlantic and coastal villages is breath-taking.

Before arriving in Cascais, you will pass by Guincho beach, one of the top spots for windsurfers due to its ideal conditions. We suggest a stroll along Cascais bay and Marina and definitely invite you to treat yourself with one of the best ice creams parlours in the world at the famous Santini.

Before returning to Lisbon, your tour will make a stop at Estoril, which is famous for its Casino, but also for the seaside resorts. It was here that Ian Fleming was stationed during WWII and got his inspiration for the 007’s first novel - Casino Royale!

Do return to Lisbon via the beautiful road along where the Atlantic merges into the Tejo River.
